## Cover/Spread Topic: New Doughnut Shop

- A new, local doughnut shop, Varsity Donuts, opened this fall near El Camino High School.
- It has been popular with students before school as it opens at 6 a.m. on weekdays and also serves a variety of beverages.
- Varsity Donuts also provided a new venue for employment for some students.
- During second semester Varsity Donuts formed a partnership with El Camino's business department to create jobs for students enrolled in the Cooperative Education Program which allows students to leave school two hours early each day to work.
- Through the CEP, students must be enrolled in the Business Essentials class and work a minimum of 20 hours a week. El Camino has 36 students participating in the CEP. Varsity Donuts employs six of those.
- Seniors Brendan Charlton and Tommy O'Connor are two of the students working at Varsity Donuts through CEP. They serve as assistant managers on weekends.
- Charlton and O'Connor's main jobs are to work from 3-6 p.m. Friday to order inventory for the next week. On weekend days, they supervise the opening of the shop by arriving at 4 a.m. to prep the kitchen for the bakers who arrive at 4:30 a.m.
- Another main responsibility the student managers have is to make sure the other student employees report on time for their shifts, and perform their job duties according to the company standards. They provide evaluations to CEP teacher Scott Beaver each quarter.
- Senior Mira Galo is another CEP employee who works every Monday-Thursday from 1-6 p.m. and Saturdays from noon-6 p.m. She works the counter serving customers.
- All of the bakery items served at Varsity Donuts are made fresh each morning, and when the inventory is gone for the day, no more is made unless there is a special pre-order that must be filled.

## Quotes:

"My friends and I love coming here before school and grabbing a doughnut and a latte or smoothie. It gives us something different for breakfast, and we see lots of our friends there." — Kayla Quinn, senior

"I am always open to partnerships within our community, and Varsity Donuts provided a great chance for some of our students to be able to work in the afternoons and on weekends and still have their nights open. I also love that they are all so passionate about their jobs. It teaches them responsibility at a young age, and it shows them how to balance their time between school and work." — business department chair Javier Arollo

"At first I did not think I would be able to handle school and work. After a few weeks on the job I realized it actually benefitted me because I had to start planning out my time better. I think this will help me better prepare for my future." — Brendan Charlton, senior

"I could not have hired better students. When I opened the shop I wanted young people to work here because I knew their peers would be my customers. I think we have created a safe and fun atmosphere for teens and young adults to hang out." — Julia Lovett, Varsity Donuts owner

"I don't get to stop in the mornings very often because I ride the bus to school, but when my stepdad drives me to school, we always stop at Varsity on the way. I get a vanilla long john and mango smoothie every single time." — Darrius Smith, freshman
